DETAILED ACTION

Response to Amendment

1. Receipt is acknowledged of the Amendment filed February 16, 2006. Claims 15-19 are cancelled by the Amendment.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard Beck on April 19, 2006.

The application has been amended as follows:

IN THE SPECIFICATION:

Brief Description of the Drawings

The phrase, "the bottom layer 50" describing Figure 4 needs to be replaced with -- the bottom layer 5B --.

IN THE CLAIMS:

Claim 1 (Currently amended): A card with a core and at least one chip incorporated into the core, characterised in that at least 5% of at least one main surface of the core is covered by a seal, the chip is covered on both main surfaces of the core with a seal or a plastics layer and a recess of the core and/or a the seal exhibit fine structures, and wherein the card is covered on both main surfaces of the core with a ~~plastics~~ the plastic layer projecting bevond all the card's edges and the projecting margins of the two

layers are welded together, and wherein the fine structures are selected from a group consisting of sawteeth, narrow strips, small patterns, steps and combinations thereof.

Allowable Subject Matter

3. Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance: none of the cited prior art of the record discloses, teaches, or fairly suggests a card with a core in which the card is covered on both main surfaces with a plastic layer projecting beyond all the card's edges and the projecting margins of the two layers being welded together and a seal exhibiting fine structures of sawteeth, narrow strips, small patterns, steps, or combinations thereof. After further search and thorough examination of the present application and in view of the Applicant's arguments and amendments, claims 1-14 are found to be in condition for allowance over the prior art made of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
